Dear Parents and Guardians,

We welcome you and your child to the Homework club and we hope it will be a fruitful venture for all of us.

As a Parish Church we want to be partners in the educational development of young people at a time when the government is looking to the wider society to contribute their quota in a significant way. After careful thought, the church decided that the Homework Club would be an area where they can add value to the development of young people in this area.

From the onset, we'd like to emphasise that this is not a profit-making venture and the church has invested and will continue to invest a lot of resources, both financially and materially. The subscription requested is to show a real commitment to the programme and a means of preventing unserious students depriving others of valuable space.

The Homework club will provide your child with the time and resources to be abreast of their school work. It will provide support in areas of work your child may find challenging. Initially, our focus is on three main subjects: English, Science and Mathematics. The tutors on this programme are very experienced and CRB checked, hence your child will receive educational support from those qualified to deliver it.

We look forward to seeing you.
